

WHAT WE'RE DOING TO KEEP OUR CLUBS CLEAN & SAFE

The health, safety, and wellbeing of our Club members and staff is our highest priority. In the face of the COVID-19 pandemic, Boys & Girls Clubs of Hawaii has committed to adopting the following enhanced best practices intended to help limit the potential spread of illness, per the recommendations of the CDC and local government agencies.

1

DAILY HEALTH STATUS SCREENINGS

We'll monitor staff and members daily for signs of fever using no-touch infrared thermometers at all points of entry, following CDC guidelines.

2

HANDWASHING & SANITIZING STATIONS

We'll be adding additional opportunities for handwashing into our daily schedule, in addition to installing additional hand sanitizing stations.

3

DAILY SANITIZING OF PROGRAM AREAS

We're committing to increasing our sanitization of all program areas and close contact equipment to a minimum of 3x per day.

4

SOCIAL DISTANCING BEST PRACTICES

We will adopt social distancing best practices including limiting unnecessary close contact through recreational sports like basketball.

5

SMALLER PROGRAM GROUP SIZES

We'll add additional program groups to keep group sizes smaller and work to limit close contact between different groups of varying age.
